

Fei (Jevy) Wang

Address: 27 Mary Gillespie Avenue Gungahlin, ACT 2912

M: +61 452 542 687 / E: jevy.wangfei@gmail.com / LinkedIn: <https://au.linkedin.com/in/jevywang>

PROFESSIONAL PROFILE

I am a conscientious and pro-active graduate with a Masters in Computer Science degree seeking a position to utilise my knowledge in computer science. I have been skilled in using Java, Linux, Database (RMDDB and NoSQL), network and web application.

IT SKILLS

- **Program Languages:** Java (J2EE, 4 years), Python, Shell, JavaScript, PL/SQL.
- **IT Knowledge:** Database, Algorithm, Computer Network, Statistical Machine Learning, Data Mining, Document analyzing, Artificial Intelligence, Software Construction and Model Driven Software Development
- **Operate system:** AIX, Ubuntu, SUSE
- **Cloud/Virtual Technique:** Docker, Amazon AWS
- **Database:** Oracle, Cassandra, MySQL, SQLite, PostgreSQL, TimesTen
- **Web technique:** Bootstrap, JQuery, AJAX, AngularJS, MVC, RESTful API, J2EE, NodeJS, ExpressJS, Spring Boot, Spring, Struc2s, Play!, Hibernate.
- **Programing efficiency tools:** Git, Atom, Eclipse, IntelliJ, Apache Tomcat.
- **Project Management:** managed MOD and ICX&IGW commercial projects, led FeedMe team.
- **Others:** Experience of Maintaining and configuring a national's telecom billing system for one and half years.

EDUCATION

- **Professional Year** **October 2016 – Present**
Performance Education, Sydney, Australia
- **Master of Computing** **July, 2014 – June, 2016**
The Australian National University (ANU), Canberra, Australia
- **Bachelor of Engineering in Chemical Engineering and Technology** **September, 2006 – July, 2010**
Hefei University of Technology (HFUT), Anhui, China

EMPLOYMENT EXPERIENCE

- **Project Manager** **July, 2012 – March, 2013**
Global Technic Support Department of ZTESoft Co., Ltd. Nanjing, China
- **Support Engineer** **July, 2010 – June, 2012**
Global Technic Support Department of ZTESoft Co., Ltd. Nanjing, China
- **Chemical Engineer – Internship** **July, 2009 - September, 2009**
Technology Management of Plastic Department of Bosh-Siemens Home Appliances Co., LTD. Chuzhou, Anhui, China
- **Administrator Assistant – Volunteer** **February, 2006 – June, 2010**
College of Chemical Engineering and Technology Hefei University of Technology, Hefei Anhui, China

PROJECT EXPERIENCE

Recent works can be found on <https://github.com/jevy-wangfei> and live demo can be accessed through <http://jevy.wang>

- **Team Leader** **July, 2015 – June, 2016**
FeedMe online booking and delivering system, Canberra, Australia
Course Project at ANU
 - Software developing management
 - System Design
 - API Design and implement using SpringBoot
 - Web UI and dishes management iOS client development
- **Project Manager (ZTESoft)** **June, 2012 – December, 2012**
Bangladesh Telephone Inter-Connection Exchange (ICX) & International Gate Way (IGW), Dhaka, Bangladesh
Global Technic Support Department of ZTESoft Co., Ltd. Nanjing, China
 - Requirements survey
 - Project management
 - Customer relation management
 - Deploy, configure and maintain the billing system
- **Project Manager** **March, 2012 – June, 2012**
Myanmar Operation and Develop (MOD) Telecommunication prepaid & post-paid Converge Billing project.
Yangon, Myanmar
 - Routine project management
 - Deploy report system and develop reports
 - Optimize billing system
- **Support Engineer** **February, 2011 – March, 2012**
Myanmar Postal and Telephone (MPT) prepaid & post-paid Converge Billing project
Yangon, Myanmar
 - Deploy and test telecom Billing Operate and Support System (BOSS) using the advanced skills such as AIX, Linux, Oracle, Times Ten, Java, PL/SQL, Shell, and Python
 - Migrate subscribers' data and services to BOSS
 - Maintain the distributed BOSS and implement new requirements
- **Support Engineer** **September 2010 – January 2011**
Veittel telecommunication company post-paid Billing Project
Hanoi, Vietnam
 - Configure the telecom tariff on OSS according customers' requirements
 - Manage the Unit Interface Platform (provide services such as recharge balance, inquire balance, service open/close, calling record check, bill check, etc.) which connects with many companies

KEY COMPETENCIES

- Pro-active and self-motivated manner
- Strong interest in Computer Science
- Demonstrated ability to learn new knowledge and skills
- Strong team spirit and ability to lead a team
- Demonstrated ability of complex problem solving
- High responsibility

PROFESSIONAL MEMBERSHIP

Active member of Australia Computer Science

Visa

Temporary Resident visa (subclass 485) – From Dec 12, 2016 to Dec 12, 2018
